Event Overview

Community Makers Morning

A fictional half-day gathering for people who enjoy simple craft projects.
The event combines short demonstrations, shared work tables and a small display of finished projects. All activities use ordinary reusable materials.

Purpose

Offer a relaxed place to try a new activity and exchange practical ideas.
Participants may spend the morning on one project or move between tables.

Format

The practice event takes place in a single community room.
There are three activity areas: paper craft, simple model building and drawing.
A quiet table is available for planning and individual work.

Venue and Materials

Room layout

Place the shared work tables in the centre of the room with wide walkways.
Keep the demonstration table near the front and the display along one wall.
A separate shelf holds reusable supplies and finished examples.

Materials

Paper sheets and card offcuts
Pencils, washable markers and rulers
Reusable building pieces and small trays
Table coverings and labelled storage boxes

Room preparation

Arrange supplies by activity before the room opens.
Keep walkways clear and leave space for seated participation at every table.
At the end of the morning, return reusable materials to their labelled boxes.
